“ Granny,

I wish I could properly thank you for all the decades of love and support you have given. You were a pillar in my life, never wavering, always there to lend a hand or a supportive word. I miss you so very much, life isn't the same without you here. Thank you for always loving me, and being my Granny.

“ “Granny” was always there growing up as kids when I would come down to Florida every summer. We sure gave her a run for her money but she secretly loved every moment of it. Years later when I would visit as an adult our conversations had evolved so much; it was a warming feeling to see how easily we could connect and reminisce; truly special moments. Thank you for always being there for us every summer and for all the memories; you will be greatly missed. -Love Always, Jaimie

“ So sorry to hear about Mrs. Mastrosimone. I spend many days growing up at their house. I will always remember her “yelling” at me to put shoes on. I still prefer to be barefoot 40+ years later. My prayers are with you all.

“ OMG! Yes! Very true! Funny thing is, after moving to FL, she never wore shoes! Thank you so much.

“ Mrs. Julia thank you so much for coming to my babyshower. It saddens me that you were never able to meet my baby girl but I know you are watching over her. Enjoy it up there and put in a good word for us

“ Thank you for opening your home and your heart to me Julia. I wouldn't have been able to make it with Juli if I hadn't passed the Grandma test. Thank you for allowing me the greatest love of my life.

“ I'm so grateful you let me live with you the last couple of years. I'll never forget our nightly talks on the couch or how much Wiggles loved you. She would chase her tail and you'd always say, "Wiggles, what're you gonna do with it when you catch it?!" And I'm sorry I didn't spend any time with you the last couple of months because of Covid, but I'll always carry you in my heart everywhere I go I love you bunches my angel
