“ *Kal was the most easy going person I ever met. Also, very generous. When I needed help, he and Lee took me in and treated me like family. Even at my worst, he never looked down on me. Taught me there is more to life than letting the little things bother you. I will never forget the first years in training in the basement! Thank you Kal for all that you have done for me! Till we meet again!*

“ *Grandpop brought kindness and love into the lives of everyone he met. So many people, including me, are better because they knew him. He made growing up extra special with the trips out on the boat.. 4th of July when we couldn't figure out who's boat was drifting and it ended up being ours.. my first cruise and my first Vegas trip countless times to Atlantic city to gamble. All the holidays spent on suburban. You will be missed thankyou for the memories.*

“ *Grandpop was such a laid back easy going person. He was very giving and never turned anyone away in time of need. I will always remember how he invited in as his own grandkids. I chuckle as I think back on boating excursion we had as a family in the past and just talking over food and drinks after hockey games. He was a saint in his own right and will truly be missed.*
