

Abrianna Fay McClintic

April 24, 2006 - February 4, 2026

Abrianna Fay McClintic, age 19, passed away on February 4, 2026.

Abrianna was a free spirit with a one-of-a-kind personality and a unique sense of style to match. She had a deep love for animals and the family pets, and she never wanted to see anyone feeling sad. If someone around her was down, Abrianna would always try to lift their spirits with her kindness, humor, or a simple smile.

She loved helping in the kitchen and had a knack for coming up with the most creative and off-the-wall recipes. Abrianna enjoyed drawing, reading, listening to music, and drinking bubble tea. Some of her favorite moments were spent watching *SpongeBob SquarePants* and *Impractical Jokers* with her Papa.

Abrianna shared many special memories with her family through simple joys—hiking, working on art projects, playing “guess the song,” going to the movies, and traveling together. She also loved working at Spirit Halloween, where her creativity and fun-loving spirit fit right in.

Music was always a big part of her life, and she especially enjoyed the sounds of *Breaking Benjamin* and *Three Days Grace*.

Abrianna was a deeply soulful and bubbly young woman whose presence could brighten even the darkest of days. She had a generous heart and a simple wish that everyone around her could feel happiness—often saying that everyone deserved to have a cookie. She will be remembered as a gifted angel whose light touched the lives of many.

Abrianna is lovingly survived by her parents, Cynthia Lewandowski and Stephen Lewandowski, and Rebecca McClintic and Amanda McClintic; her siblings, Brayden L., Nalani L., Sean M., Zach M., Lilith K., Robert M., and Asher M.; her grandparents, John Wile, Robert and Darlene McClintic, and Leola and Ted Baker; and many members of the Bulakowski, Lewandowski, Baker, McClintic, and Luthanen families. She was predeceased by her grandmother, Patricia DiTullio. She will also be dearly missed by

countless friends whose lives she touched.

Tribute Wall

MP

“ Aren is still a light in my life I didn't know I needed... their presence is healing in its own right, and the care and love they exude knows no bounds. I hold the visits and long calls we had near to my heart, especially their angelic singing voice, and wisdom, and gorgeous poetry...

With all the love in the world and beyond from my heart, 'til we meet again, dear...
