

Alexa J Molnar

May 8, 1949 - March 20, 2021

Molnar, Alexa Joyce passed away Saturday, March 20, 2021. Born in the Bronx to the late Alexander and the late Esther (Nichols) Molnar. Survived by her sisters Donna (William) Rollings of Virginia, and Barbara Pitman of Moorestown. Nephew Raymond Miller III (Melanie) and Debra Miller of Virginia and Nichole Pitman of Moorestown. Predeceased by her nephew Damon Miller. Great niece and nephews; April Atherton, Joseph Atherton and Jordan Miller. Great grand niece India Bailey.

Alexa worked for the National Park Service for over 48 years. She rose throughout the ranks to Chief Financial Officer for the NPS- Interior Region 1, North Atlantic – Appalachian.

In lieu of flowers, the family requests donations to Our Lady of Perpetual Help Church of Maple Shade, 236 E. Main St, Maple Shade, NJ 08052, or MD Anderson Cancer Center, <https://foundation.cooperhealth.org/>. The Molnar family would like to thank Linda Wiggins and Tina Profita for all the love and support they showed Alexa through her illness. Per Alexa's request there will be no services.

“ *Offering my sincere condolences to the family of Alexa. I worked with Alex almost 2 years. She hired me after a detail in 2015. She was a mighty giant in my eyes. I enjoyed working for her. Once I left we chatted periodically via instant message and FB. I have a wig that I told her I was going to name Alexa that she liked because she said she liked it, but was too short to wear. I will always remember her hiring me from the Northeast Region. Rest well Alexa*

“ *I worked with Alexa for over 15 years and the past five I served as her Deputy. It was an honor to work with her. She taught me so much and we became great friends. We talked practically every day. Alexa was so smart and kind. Hugest heart. She would tell me about this book she just read. It was always interesting to hear her perspective. I learned a ton. I feel you behind all of us Alexa. You are truly missed. We carry on, but not without constant thoughts of you. To Barbara and Nikki how she loved to talk about you and how she cared so deeply for you and the entire family. I am thinking about you both. And Alexa's NPS family is here for you. We were all so blessed to have her in our lives. May you rest in peace my friend and colleague.*

TP

Those employed by Alexa and SZ in the 70's and 80's can't believe we're talking about the same person! Everyone carried valium. But the years were good to Alexa. Mellowed with age.

The Past - April 19, 2021 at 07:57 AM

“ We all loved Alexa and loved working with her. She had a leadership heart and soul. She helped many learn and grow. She loved working with the field of the NPS and helping folks solve big issues. She did not suffer fools! She gave so much to so many. Its hard to imagine the region and Service without her now. Condolences to her family from the NPS family that was fortunate to have her for so many years.

“ This is simply heartbreaking! Sending my deepest sympathies to Alexa’s Family and Friends. I’m another regional comptroller, now in Omaha. I first met Alexa when I started with the National Park Service in Anchorage in 1989. She was insanely smart and so willing to share her knowledge with me. I enjoyed seeing her at various meetings over the years. I will miss her laughter, kind heart, and overall caring personality. Cancer truly sucks!

“ To Alexa's family and her NPS family at the Northeast Regional Office: I have worked with Alexa since I first began in the Park Service over 17 years ago. As a newbie working with Regional Offices in my role in the Washington Budget Office, I was struck by how easy it was to work with Alexa. She is one of those people who knows her stuff but is also so down-to-earth and kind. I know her family and the people in her office are reeling from this loss. We all loved working with you, Alexa. I will miss you very much and we lost you too soon from this world. -Jen Champagne, NPS Intermountain Region Budget Office

“ My sincere condolences to Alexa's family. Alexa and I were NPS regional comptrollers, she in Philadelphia and I in Denver. We spent time together annually for several years while at AOC for fiscal year close. Alexa was my "call a friend" colleague. She was a kind and thoughtful friend. I will miss her!

“ My friend is gone on now. Alexa and I were NPS comptrollers together, she in Philly and I in Atlanta. The first time I physically met her was when I was in Philadelphia to clean out my grandmother's home in West Philly. After four days of cleaning and clearing out stuff, my sister and I finished the job. That afternoon I decided to go to downtown and find the NER Office and meet Alexa, if she was in. The security folks directed me to the floor where the NPS was and I walked in an office and asked to speak to Alexa Molnar. Based on the calls we shared either as team or individually, i was expecting this massive woman, but boy was I surprised. She loved the NPS and the work she did for the region. Rest on Alexa, rest on. Michael Byrd

“ I will remember the wonderful surprise birthday celebration Alexa gave Barbara on her 65th birthday at the Red Lion Inn. We all had a great meal and a fun time. I could see how much she cared about barb and the rest of her family. My prayers go out to barb and Nicky.

Alexa always worked so hard to do the right thing. We always knew she cared deeply about the parks and programs, her co-workers, and her family. She was smart and passionate - we will miss her deeply. After 30 years of being able to call or email her, I will adjust to hold her in my heart and prayers.

TM

A guide through the NPS budget maze who could find dollars to do good things at year end close outs; a fiscal disciplinarian who reminded me of a nun or two in my youth, but always with a grand smile and quick "hello" in the morning. Most of all, just a special person and respected friend to always remember working with at 200 Chestnut St. in Philadelphia.
