“ I feel so blessed to help take care of Bobbie over the last year. Her laugh was contagious and we swore we were sisters in another life. I have never experienced so much love in a family. I will always remember you! Especially when I see Grace and Frankie or anything from NASA. You gave so much love to your family and I was fortunate to be with them when you crossed over. Every time I see a butterfly, and a few other things I can't say here, I will think of you! Live you and am sure you are causing a ruckus up there. 🙏💕🌻

“ *Although I only knew Bobbi for a short period of time, I'm grateful her family allowed me to be with her. Her life stories were so interesting from growing up in Glen Cove and her times at the "Waldorf Astoria", becoming a L&D nurse, raising her family to Rock radio and stories of SNL shows she was the most diverse, interesting woman with a wonderful sense of humor! I will miss you Bobbi and everytime I see a NY bagel, Ill have one for you! Ty Tracy for allowing me to get to know your mom*
