“ I am so sorry for your loss. I had the pleasure to have your son Dan in class and also the pleasure to watch him perform every year in the orchestra at the play. I can't begin to tell you what a pleasure it was to get to know such a fine young man. He is a credit to you and your family and I can say from teaching at Cinnaminson for 39 years that we are blessed to have parents like you and your husband that raise such wonderful human beings. I know Dan will become the kind of adult and parent your husband would be so very proud of, I know I speak for many of the faculty in offering our prayers to you and your family.

“ Terry, Maria, and Danny, Bob and I shared an office when I first started working at NAVSSES. Bob was conscientious, hard-working and very fun to be with. I miss our discussions and his jokes about engineering, life, and just about everything else. He really understood what life is about; doing the right thing, having respect for people, and having lots of fun. He will be missed. I wish you the best during this difficult time.

“ Terri, What a sad shock to hear of Bob's passing. My heart is with you and the family. Bob always seemed to choose the happy side of life and expressed it in his humor. There was a time when he and I were in a bar at Penn's Landing (New Market), I think it was Dock Street Pub and it was packed. A girl passed behind him and said “excuse me”, he replied as quick as a wink, “squeeze me, I don't even know you”. Another great memory is that of golfing, if there was water in the vicinity, Bob always seemed to hit his ball into it. We were on the ninth hole of the course just outside the Navy yard (I can't remember the name) and there was a trench filled with water that ran about 20 yards in front of the tee. Bob was preparing to tee off and Nucci was pacing with his hands clasped said “20 bucks you'll put it in the water”. Bob was addressing the ball and said “you're on”. He took the swing and the ball launched straight up. The three of us watched the arc of the ball in anticipation as it landed centered in the water. Bob turned around to Nucci and said “Double or nothing”? His friends had great memories of Bob. He will be missed. Dave and MaryRose Hart

“ Dear Terri, Maria, and Dan, We are so sorry to hear about Bob. What a wonderful man who has touched so many lives including all of ours. We were always so delighted when we were able to be beside Bob during a soccer game because his positive enthusiasm for each player was quite contagious. We followed his lead in the appropriate, encouraging comments to say to the boys. We are so grateful to the time and interest Bob devoted to Daniel and Dan during their Physics endeavors especially the bridges. We count ourselves very bless to have Bob and all of you as part of our lives. You are all in our prayers. Much love, Bonnie, Mike, Daniel and family
