“ Right now (6/10/23), I am on the Heidelberg University campus for my 40 year reunion. On the way here, I thought that it would be really cool to see Brian here. I want to extend my condolences to his friends and family. Brian and I were German majors together- a very small group. We were both part of the Junior Year Abroad group in Heidelberg, and I think we became friends there. We had a great time touring Europe with the other American students. We would hang out in our student center and talk about our adventures. When we came back to Ohio for our senior year, we would sometimes get homesick for Germany and I know I could reminisce with Brian about all the fun we had to cheer up. Brian and I were as different as 2 people could be, but we were friends just the same. Today there was a ceremony of remembrance for all alumni who had died this year, and Brian’s name was read. I just wanted you to know that we were thinking of Brian today. Ellen McDougal Buehrer. Heidelberg (College) University class of 83.

“ To Brian's family.

Brian and I attended classes at the County College of Morris together in the late 1980's & early 1990's. Since then, whenever we ran into each other at the NJSPLS annual conference, he would go out of his way to say hello to me and share lots of laughs about silly memories.

I am deeply saddened to hear about his passing.

I pray that you can find peace and grace as you continue your lives without Brian.

“ Brian was a wonderful friend and neighbor during and after our time living in Fredon NJ. I'll miss his boisterous laugh, highly refined sarcasm, frank discussions, exposure to techno-punk and other music genres, game room hangout in the basement of his parents' Birch Drive house, and willingness to help in almost any situation (although I do remember him suddenly having to leave during the many times my father would recruit me and my friends for manual labor when they came over :) I'm fortunate to have known him and shared his friendship. RIP Bri.

“ Brian was compassionate and a professional about his craft to the last. He was very focused and dedicated to his work. Should not be a surprise as he was also a proud Eagle Scout and hung is framed certificate in his office along side his degree and license. We often exchanged scout stories. One of the good guys! Huge loss and will be missed.
