“ *Joann, I am sorry to hear about your fathers passing. Though I didn't know him well, he took the time to explain to me exactly how vacuum tubes worked. We had a great discussion about the theory that I will not forget. He was a great guy and a wealth of knowledge.*

“ *Dear Jo,*

I know your Dad was a good man and you have both been through a lot together. You know how I feel about it all. Your Dad is on a new journey now....nothing ever really goes away...it just changes it's form. In every happy moment that you have ever had with him...he lives. With a heavy heart I wish peace and closure, for you and your family and I offer my deepest condolences to those who remain, and will miss him in this form dearly. As for your Dad, I hope that he is preparing for another wild ride! No more pain or suffering...time for brand new diggs. After all,

Time.....is a circle.

Love,

“ When my father (Buds Brother) passed he would let me do fathers day with him. He had the nick name Ha Ha... That said a lot about him right there. I will remember his laugh the most ! Rest in peace uncle bud !
