He was born on January 10, 1939 in Riverside, IL to parents Robert and Bernice Peterson. He served his country in the United States Marine Corp prior to going to work in the new and emerging field of Information Technology and Data Processing. He enjoyed a long and successful career where he worked for Automatic Electric and associated companies for his entire professional life until retiring with Alcatel Data Solutions in the late nineties. After his retirement, he achieved a dream of becoming a pilot. He enjoyed flying until his illness prevented him from continuing to do so. He also enjoyed traveling with his family and wife. Memorable trips included Italy and Alaska. His true passion was his family, who he loved and enjoyed immensely. He had

a special bond with each daughter, son-in-law and grandchild always giving of his time, a listening ear and just being present. His first concern was always his loving wife, especially recently when his health began to fail him.

He will always be remembered for his sharp wit and humor, intellect, and genuine caring demeanor. He left an indelible mark on all of those who loved him or knew him. He lived his life in a way that has served as a great example of an abundant life of love and service to others. He will be missed dearly by many.

Thank you for being the best godfather a girl could have. It was my true honor!

Thank you for always showing me love and support through the years and especially for all the laughs and smiles you brought to us all. You're an amazing soul and heaven is lucky to have you aboard. You fought the good fight, rest in peace now.
