“ *I am so sorry sorry for your loss. I lived across the street when I was younger and used to mow their lawn for her. She always stopped to talk to me in the middle of mowing and always greeted me with Pepperidge Farm Cookies and a soda. I think I looked forward to that more than the money for mowing. She also gave us one of her puppies "Nubs" which we had for 18 years. Saw her many times in her later years walking around the block and always greeted me with a smile and talked of memories of days gone by. A great lady that I was lucky to know!*
