“ *They say "To live on in the hearts of those we leave behind is to live forever" and Denise surely will - we have learned so much from watching her fearless determination to beat the odds to be with those she loved so much - she lived mind over body for months even years and was an inspiration to us all as she did so - most memorable of all for me is the legacy of love her mama played out every day every step of the way - God be with you all*
