Dr. Teresa was simply a lovely person, very sharp Doctor and a woman of class. She genuinely cared about me and took care of me as my primary care physician but she was actually more than that, she was my friend when we spoke in the office and she was my doctor and she was well respected by me as both. May GOD bless your family Teresa and lift their pain and sorrow by just knowing you are at peace in heaven. May GOD bless your beautiful soul.

“ *Dr. Ball was our family doctor for over 23 years..up until she was no longer at the practice. She has seen my family, my children and was much more than just a doctor to us. She was our friend. We would exchange christmas gifts and send cards. I have never had such a close relationship with a doctor such as Dr. Ball.*

She was always smiling and took her time to listen...really listen. Dr. Ball always went the extra mile and made sure we were ok. Even if she had to make phone calls at night she always put our family first. She was a very special and loving woman that will never be forgotten.

We are so sorry for your loss and our hearts go out to her family. We are all blessed to have been apart of her life and she has truly changed all of ours!! We love you Dr. Ball and will always miss you!

She was geuine in every sense of the word and truly cared for everyone that crossed her path. Outwardly she emanated strength, confidence and compassion. “ *I remember the first time I met Terri. It was when Janet and Patrick were in first grade. Since that time our paths crossed many times. She volunteered for Home and School committees and both our children were in drama together. She became our "family" doctor. In all that time, I don't think I ever saw her without a smile on her face and a kind word for everyone. She was "one in a million" and heaven has gained another angel. My thoughts and prayers are with you Chris, Janet and Harrison.*

“ Dr. Ball was a VERY special Doctor, she was a friend and a doctor. Very professional, always concerned for MY well being. So much so that she insisted on a special test I should have done because of circumstances and family history. If NOT for this wonderful, caring, professional friendly doctor I probably would not be alive today. No more pain Dr. Ball, you are at rest for eternity, you will be missed immeasurably.

“ *Dr Ball was simply the best. She was loving, caring, full of life and energy. Her smile was most contagious, and for her being a doctor, it was truly the best medicine that was ever given. She had a way of just sharing a smile and the biggest warmest hug that would always make you feel better, even at your worse. She saved at life. If something didn't add up or make sense, she never gave up or took No for an answer. She did everything in her power to get to the bottom of it, and once there she never let you go through it alone. Dr Ball has been a true angel sent to not only myself but my entire family. She wasn't just our doctor, she was our friend as well as family to us. Our hearts are broken to hear of her passing, but we pray she is no longer suffering or in any amounts of pain. She is truly the strongest, sweetest, most loving woman I had the blessing and honor of knowing. I hope she is smiling in heaven as she would here on earth and saying " it's ok to be fine!" Our thoughts and prayers go out to her wonderful husband and beautiful amazing children. We are extremely sorry for your loss. Rest in Peace Dr Ball. You will forever be in our hearts and will never be forgotten. We love you!!*

I had the privilege of knowing Terri through agency family get-togethers for the eight years of working along-side Chris at Northwestern Mutual.
