“ From the moment Mary and I met, we connected and became fast friends. We worked together for many years and remained friends for over 35 years. Hearing the news of her passing has left me feeling so very sad. I will miss our calls and talks as we tried to help each other through many of life's ups and downs. She was a dear friend, a mentor; at times a mother, other times, a sister. I will miss my dear friend for the rest of my life. She was a remarkable woman. Gary and I send our deepest condolences to the family.

“ *In Loving Memory of Mary-*

*Mary was more than my office manager; she always had my back and was there when life threw some difficult moments at me. Even after we weren't working together, I would still stop by and visit her. She was like a second Mom to me at times. She was always so proud of David and would constantly tell me about him.*

*During the years we spent working together, Mary and I forged a bond that transcended the routine work of the dental office. We shared countless laughs, enjoyed lunches, and created memories that will forever be etched in my heart. One day, as I assembled her office desk, she sat back and we chatted about life. Every time for the next few years when I would be nearby, I would visit her at the office. I will always remember her. Thanks for teaching me to speak my mind and always giving the best hugs. You will be missed. -Ken Cirka*
