“ *In 2008, my husband was stricken with encephalitis. He was in a rehab facility in Voorhees, NJ at the same time as France's husband. They were both so kind to my husband and I. I was there every day, and looked forward to France's arrival. She brightened my days with her smile, warmth, and caring. I will never forget her. Her love for Jack was boundless. She cared for him with unfettered energy. Now at least they are reunited. Her suffering is over. She was the best! Love you France*
