“ *I was a classmate of Frank at POCM class 1974. We interned at what was then John F. Kennedy Memorial hospital in Stratford N.J. Frank was interested in E.R as a career and I went into Radiology there. After our training was completed, I took a position in West Palm Beach FL and a few years later moved to Dayton Ohio where I worked at Grandview Hospital and finished my career there. Over time, we had lost contact with each other. I am saddened to hear of his passing. We were good friends throughout our training, but being in different specialties we never had a chance to meet at medical meetings.*

Please accept my sincere condolences on his passing. He was a great friend but it was hard to keep in touch over the years since we were in different specialties.

Please accept my heartfelt condolences.

“ I have known Dr Levin for over 15 years. We worked together closely at Kennedy Cherry Hill hospital for several years when I was in the role of AVP for Nursing. He was a wonderful man and doctor. Always so respectful and professional. We worked together on many ED projects especially the effort to transform the Cherry Hill ER along with Dr Melanie Angelo. It was a pleasure to work with Dr Levin and an honor to have known him. May he Rest In Peace

“ I met Dr. Levine at a summer program at Kennedy ER. Since then I went to graduate school, medical school and am now in private practice. I have met many mentors in these years. Dr. Levine was never forgotten and his mannerism was always kind and inspiring. Sorry for the families loss. May he RIP.

“ *The Measure of a Good Man.... and the life he lived on earth
Is not measured at all, in inches tall, or Years lived since his birth*

*Nor measured out in cc's, grams, or drops, or strength of Dose
Nay, The Measure of a Good Man is measured in HOW he mattered
most*

*The knowledge he taught, the experience wrought, worth more than
all the gold on earth
New Doctor's he'd teach, forever his healing would reach, eternal
his great worth!*

*For the Measure of this Good Man.... counted well from Heaven
Above
Is in the Heart's he's healed, the Lives he's touched, how much he
Cared and Loved!*

###

*Now He takes with him above, ALL of the Gold of Love, that in his
heart he saved
Yet a hundredfold, worth more than Gold, ...is The Treasure of the
Love HE ...GAVE!*

*And we who remain will proclaim his name, "Frank Levin!" in all we
do
And your smile we'll share, as we Heal and Care, Doctors emulating
you!*

*And so, it seems that our Good Man here.... is rich beyond compare
By the Measure of his Treasure shared, ... that we've collected all
his years*

*As we recall his days, God Bless him we Pray, memories are now
OUR Treasure
Stored in our Hearts, never to part, ...from this Good Man beyond*

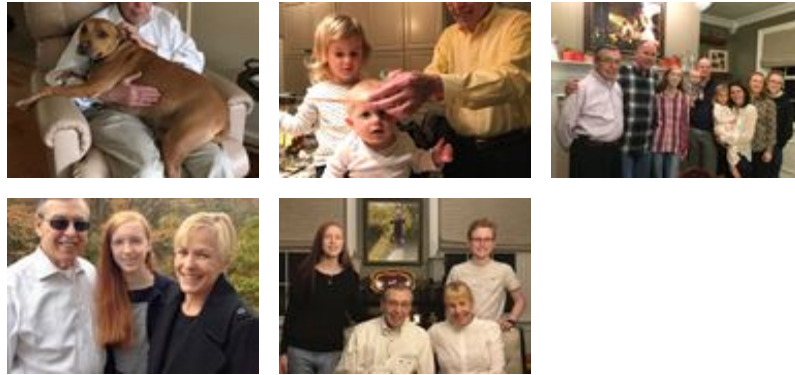

all Measure!

*Forever Grateful Dr. Levin for the Honor of Being one of your First Three Emergency Medicine Residents at SOM , and for your wisdom, your patience ;) and your genuine kindness!

“ I would like to extend my deepest sympathy to Claudia and Frank's entire family. Frank was a wonderful person who was a friend to everyone he met. His hardwork, personal sacrifice and innovation had a tremendous impact on medical education in our region. He was the consummate physician and I was honored to have known and worked with him. He will be missed but his legacy will live on through all that he did to transform Emergency Medicine in our region and beyond. Rest in Peace.

“ *I know I am joined by many in mourning the passing of Frank Levin my dear friend of nearly 50 years. You were my resident, colleague, patient and in all those roles you were the consummate gentleman showing courage and integrity at all times.*

Your legacy was bringing emergency care in South Jersey into the modern era coming from ER coverage by moonlighting physician to the present resident trained docs now working in many of the local hospitals. You developed the ER training program and taught a cadre of talented docs who work in so many SJ hospitals and around the country.

I miss you and will never forget you. Rest in Peace my dear friend.

“ *Frank Levin DO was an extraordinary man who made everyone around him better. He was a true role model for me from 1992 when I joined his department. I met Frank in 1978 as a medical student in ED at WTD. He ran the ED with precision and compassion. I was so impressed by him I decided to be an ED Physician. It has been a great honor to work for him and to call him a close friend. His contribution to emergency medicine and legacy lives on in 200+ residents he trained.*

Rest In Peace as you are loved

“ I am so very sorry to hear of Frank's passing. He was an excellent and dedicated Physician who taught and positively influenced countless young doctors. He was always honest and honorable. To me he was the best a friend could be. I have been honored to share much with Frank, professionally and personally and I will miss him dearly. My sincere sympathies to Claudia and to his entire family.

“ We lived next door to Frank for 20 years and he became our family. Family are the people you know you can call any time day or night and they will be there for you. That was Frank. We will miss his bright smile over the fence and his wisdom shared in conversations in the driveway. We all will miss the way he always reached out during a storm to let us know we could come over if we needed electricity. The entire town could be in a blackout, but Frank's house was lit up like a Christmas tree! Frank was the type of person who was always prepared and made sure you knew that you were welcome to benefit from his preparation! I remember coming home from vacation and him standing in my house with his crisp button down (always crisp!) telling me about the nice visits he had with our cat. A busy physician, educator, father, grandfather, and husband made time for our cat because he loved animals like he loved people. He was the best and we will miss him. We are blessed to call him family and to have his family near us to share the memories. Angie, Chris, Ethan, and Caroline Collom

“ Dr. Frank Levin was a true gentleman, a wonderful physician and a loyal friend to many. He was a man of his word, who spent his entire life caring and concerned for others. He made a positive impact on so many people's lives, including all of us who call him a friend. You will be missed my friend and thank you for all you did during your life's journey here on this earth. We love you my friend!
