“ Skip was a great friend from High School and after. I reconnected with him through Joan Quigley-Howard. We talked on the phone many times. And he was in my daily thoughts and prayers. I so admired his courage and patience during his unfortunate illness. A real example to all. When I only got voicemail the past few months, I suspected things had worsened. I will miss him so much. The fact that he died on my Birthday will always keep him very close in my heart. He was the best.

“ My condolences to Skip's family from a high school classmate, basketball foe(8th grade), and teammate(9th). Skip was thought to be the only 3-sport athlete in our class, a point that emerged during a catchup discussion about Skip during our most recent class reunion last September. Sometime in the early years after high school graduation, I had left my class ring at an event 100 miles away; it was sent to McDevitt and Skip was able to identify it as belonging to me and arranged for its return to me.
