“ *Janine was like a sister to me when we were kids. She impacted my high school and college years in so many positive ways. She took me under her wing and I followed her lead... joining the marching band so I could be a flag twirler just like her, going to Douglass College, where she was 2 years ahead of me.*

Janine was a kind and giving soul who left us too soon.

Tammy, Joe and the rest of her family, my thoughts are with you.

“ *Janine holds a very special place in my heart. We met over year 30 years ago, and quickly became the closest of friends. We worked together, we then were roommates, we were in each other's weddings, and we even were pregnant at the same time (and so much more). So many life experiences shared with Janine. Although I moved and our visits became few and far between, we continued out close friendship. I cherish our time together. I love Janine, and will miss her terribly. My deepest, heart-felt condolences to all.*
