“ I'm so sorry to hear Marilyn passed away. My mom & I live down the path from her former home in Cinnaminson. Years ago, I would always see her out walking. Then she got 2 dogs & she would walk her huskies. One time, she showed me a lovely granny square blanket she was stitching together. She was always a very kind, gentle woman. I have not seen Marilyn or her family for many years but I've thought about them often. My deepest condolences to her large & loving family.
