“ *Susie must have been so special to so many. Although I am a first cousin, I had not connected to her over the years, much to my loss, since childhood. By all accounts today at the memorial, she meant so much to her friends and family. Seems she was a warrior and angel for those whom she knew and loved. Special condolences to Joshua, whose love for his mother knows no bounds...Peace and love.....*

“ Susie we will miss your smile, and your tender heart, and the way you would speak into our lives and say everything going to be ok.. “ I am praying for you “ you would say, and then your giving and taking care of those in need, there was always something you would be doing or giving and serving and helping in.. I will always cherish our moments together as friends.. My husband and I and you shared the same situation as paraplegics.. you understood and we shared and cried and encouraged each other through the difficult times, or when we heard news we really did not want to hear that we have to lay up or take it easy or we have to be on this medication and so forth, it was a battle, I will rememebr the day when I came over and we got to go swimming and all and we tried to get Eggie into the pool, but of course he would stay 20 feet away.. we had a bar-b-que and we shared and had a great time, and then times of meeting up in the city to get away and get out and just chat the 3 of us, and Josh would come too, at times which was so awesome .. I know you loved your 🦋 buttterflies and I can see you now catching them and holding onto them, and the birds you would love to hear chirp, and see you sitting down by the stream and sitting in the sand listening to the calmness of it all.. sitting by Jesus feet and worshiping Him and serving as you always did.. and the love you have for your family and loved ones.. and I know you are hanging out with your family and friend who are up there with you... this is a sad time and a broken time, yet a celebration too as we know you are pain free and dancing and free from your chair and your running and skipping and going about the place, so much to explore.. Eggie and I (Bobbi) will see you one day.. and we will get to hang out and do so much together forever.. what and awesome day this will be.. we are going to miss you, and know that we will are going to be hanging out with Josh and hoping to be able to let him speak into us as you did.. you left a legacy behind and he is carrying it on.. and your mom is so awesome and she too has brought you up to be who you were and to have that kind of love and passion.. your mom is leaving a legacy as well.. The Nase family is in our prayers and thoughts .. and we love you all.. you are all so special to us.. and always will be. Love you Susie!!! See you

*in heaven,,Love you so much

“ *Rest in peace Suzie! Donah and I will always remember the great time we had with you at the family cookout on the dock at Charlie and Angel 's home this past July.
We learned so much about your love of butterflies and then one came to rest on your hand out of nowhere.
You accomplished so much in life inspite of the hardships you had to overcome.
We love you and miss you!

“ Dear Nase family:

I wish to convey my sincerest condolences to your entire family. Losing a loved one in death is one of the hardest things that anyone will ever have to deal with. There is a great hope held out to us for the future because God promises to bring those we lost back to life by means of a resurrection to a paradise earth, where sickness and death will be no more. I hope this brief message will bring you a measure of comfort in this difficult time.
