“ I'm so sorry that I was not able to say goodbye. My heart is hurting but I'm glad you aren't in distress anymore. It was nice to talk to you and visit the crazy times we had on our motorcycles and down the shore. Praying for your family.

“ I only lived next to Mike a few years but we began good friends. Mike was the type of neighbor and friend that would go out of his way to say "hi" or help fix something without expecting anything in return. His love for his family, friends, and both cats Zeus and later Mickey after Zeus got really sick was undeniable. I spoke to Mike many times over the last few weeks and I am shocked and saddened by his untimely passing. Honestly I keep reading my texts and voicemails, thinking this cant be real. Rest easy, Mr. Mike!

“ My parents were next door neighbors with Mike in Pennsauken for almost 40 years. I remember growing up there with Mike living next door. Even after I moved out, he'd always stop to say Hi whenever I would visit with my folks. I was shocked and saddened to hear of his untimely passing. Rest in peace, Mike.

“ So sorry to hear this ! I just talked to Mike last week and invited him to come visit us in Florida. Mike was a good friend, someone who enjoyed talking sports or going out to have a beer and watch a game with. I met Mike at the Coastline in Cherry Hill and became good friends over 30 years ago. Mike even made my sign for my restaurant with his Advanced Sign Company. He was someone I could always depend on when I needed a pick me up or someone to talk to. We had just talked last week about visiting Florida and even possibly moving down here one day. He even told me that he loved me and thanked me for being one of his best friends. I will miss you Mike !

My heart is broke n. I don't know where to begin to express how hard this has been to except. My heart goes out to your Dad and Maureen as I know they are devastated as well. I miss us and our beautiful times we spent together. The last time we said good bye, I said I love you and I'm grateful for that and the man you were to me. I prayed for you to get better and now I pray for your soul that God keeps you safe with him. Until we meet again. I will keep you in my heart always.
