“ *We were friends in High School, and we reconnected on Facebook. I knew she was fighting cancer, but I did not realize how close she was to the end. She did not complain. Rest in peace, Nancy! I am very sad.*

“ *I am deeply saddened that Nancy is no longer with us. She has been my neighbor for many years and was always kind and friendly to our family and our children. She would always stop and chat, even though she was always busy doing something. She had a zest for gardening and birds and loved being out in the back yard with Frank. She was very tough throughout the past few months even though she was in so much pain. May you rest in peace my friend, we will miss you.  
My sincerest condolences to family and loved ones.

“ To Nancy's family and her Fiancée: I am deeply saddened by her passing and you have my deepest sympathies. Nancy and I worked together in the military and I was her First Sergeant at McGuire AFB, NJ. She and I had been in regular contact over the past few months. She had such a wonderful and loving spirit. She was kind and accepting of all that she endured. I was so happy her daughter and grandchild came to see her a few months before she passed and she expressed the joy she felt having them visit with her. Even though she suffered greatly, she never complained. May Her soul rest in peace. Yes, indeed heaven has gained another angel! May the Lord comfort you now and in all the days ahead.

“ *She was amazing women! We used to have a great time when I came to visit! There was never a dull moment! We did a lot together! We met in East Haven when she stayed with her grandmother! When she moved to New Jersey we never lost touch! Her mom and my mom would surprise us by having her come by train and staying over my house. When we saw each other, it was like we never were apart! I am truly going to miss her! She and I would text back and forth! Heaven has a beautiful Angel!*
