“ *I loved Rudy like a brother! There are many special memories that I have of him! There is one that stands out that I think shows the character of this man*

*There was an incident at a union meeting where I was having an argument with a member. It looked like it may turn into a physical fight. This gentleman was much larger and younger than myself. He probably would have gotten the better of me. He eventually just walked away. Everyone had cleared out! When I looked around, there was Rudy. He was just inches away and ready to jump in! He had my back! I was truly blessed to have a friend who would do that for me! I don't think you have many opportunities to have a friend like that in this life! I have a very heavy heart in telling this story. I was blessed to have known him and call him my friend.*
