“ *Ms Lurtsema was my patient while at Temple. She and I knew and worked together for several weeks. She worked as hard as any patient I have had in the last 24 years. During our time together, she shared with me her motivation for going through the process. She was extremely determined to have as much time with you guys (family) as possible. I am truly sorry for your loss and ever sorrier that I could not get her home to you all. She was a great lady.*
