Susan L. Lentz (nee Adamowicz), of Marlton, NJ, passed away peacefully on May 4, 2023. Born in Philadelphia, PA to the late Edward and Mary (nee Adamavage) Adamowicz, she was 69 years old.

Susan was born October 1, 1953 and grew up in Port Richmond, PA. She graduated from Kensington High School in 1972, and worked at National Church Goods on Arch Street. Susan loved her family immensely. She enjoyed listening to music and watching movies. Susan was a big animal lover and had many pets in her lifetime. She was the sweetest, kindest and most loving woman. She always thought of others before herself. She had a magical laugh that would light up the room, and a smile that was contagious.

“ Susan and I became friends again after 50 years of not having any contact. We had a lot of time to catch up on, we talked about everything. She always seemed to feel under the weather, but doctors never seemed to be able to find anything until late last year. We really enjoyed our conversations, we had many laughs. I had taken Susan to my prom and she told me we left early. I didn't remember that and she remembered a lot of things that I didn't. She may have been putting me on. We talked about going to lunch, but that never happened. That is something I will always regret, thought we had more time. I miss you already my friend.

“ I Remember when we graduated in June of 1972...Sue told the gang that we hung out with that her mom bought her a Volkswagen Beetle and she was lying but she told them that it was parked between two cars down the street and when everybody went to see the car...it was a toy model of a VW ...and she laughed and laughed because she pulled one over
