“ It is with great sorrow that we pay tribute and love for this wonderful brother and brother in law. We always teased him that he was like a cat with 9 lives because he always bounced back from every major health issue that confronted him and always with a smile and the great will to go forward to battle what ever it was head on. We always enjoyed our time with him and Maureen especially when they spent their snowbird time with us in our adopted state of Florida. Every winter we looked forward to being with them and enjoying whatever we found fun to do while they were here....especially all the shared home cooked meals and restaurants to celebrate some occasion beachside. We have missed not seeing them the last few years as they could not be down here but was always a phone call away with his brother Ed . Ed said today he will greatly miss his " telephone buddy" brother. We will always have our memories of a great brother and brother in law, a man always willing to help when needed, his sense of humor and his devotion and love for Maureen, his sons and grandchildren and neices and nephews. Our hearts are a little more empty without" Terry the Pirate" but they are full with all the memories that we shared together as a family. Love to you all. Sandi and Ed
