“ I know it's been almost 3 years since we lost you and I'm not sure why I feel compelled to share now, but it's always when I'm the busiest I think about you... not a day goes by where you don't cross my mind, heck half the furniture in my apartment was yours. I miss you. I miss how even something as small as I went shopping yesterday would bring a smile to your face as you'd say, "good, you deserve it". I remember playing solitaire, watching judge Judy and Cash Cab and thinking how are you so smart you know every question. If I even got one right you would say, "You should go on this show, I know you would win!". I guess what I am trying to say is it is hard to have one less person here to tell me how proud they are of me... even if I feel and know you are. I miss you, but I love you more.

“ *I have been a member of Bill's family (and he mine) for 26 years. During that time he has been an absolutely wonderful Father-in-Law and Pop Pop to my children. The lasting memory for me however will be that of a mentor. Only "Poppy John" and my Father ever taught me more about life, so Bill you are in great company! Every time spring rolls around and I have to get out my lawn equipment (some that you bought) and prepare to get it ready to run, I remember the ways you showed me to do it right. I still remember the times when I'd lift something heavy and you'd shake your head and smile, then tighten a nut and bolt to where I couldn't budge it and smile wider! Thank you for teaching me to fish on your boat and explaining that there really was more to fishing in the bay than drinking beer in the sun all day. Most of all thank you for always being there for Patty, Becca, Jake and I EVERY time we needed you!!!*

Good bye my friend...
